# Raising the bar in supportive care: treating nausea in cancer patients

## Programme

Dear Colleague,

It gives me great pleasure to invite you to participate in the satellite symposium entitled **Raising the bar in supportive care: treating nausea in cancer patients**, to be held at MASCC/ISOO 2015 in Copenhagen, Denmark on Friday 26 June, 12:45–14:15.

I will be joined by a world-class faculty of speakers who will discuss issues of great importance in the daily practice of physicians who treat cancer patients. During this highly interactive event, you will be encouraged to share your own opinions and experiences with the faculty and with your colleagues from around the world.

The faculty and I value your input as we prepare for this symposium: please take two minutes to complete the pre-meeting survey (accessed by scanning the QR code or type in the following

URL: [supportivecare2015.com](http://supportivecare2015.com)), and submit any questions you may have for the faculty. Your input will help us tailor the presentations to suit your needs.

I look forward to welcoming you to our satellite symposium!

Warm regards,  
Matti Aapro

12:45–12:50 **Welcome and introduction**  
M. Aapro (Switzerland)

12:50–13:10 **Understanding the physiology of nausea: foundation of care**  
R. Gralla (USA)

13:10–13:30 **Current therapies of treatment-induced nausea and vomiting: the building blocks of care**  
K. Jordan (Germany)

13:30–13:50 **Beyond CINV: multifactorial aspects of nausea and vomiting**  
A. Molassiotis (Hong Kong)

13:50–14:10 **Panel discussion**

14:10–14:15 **Summary and closing**  
M. Aapro (Switzerland)
